

Estate Management Policy

Name	Reason for change	Date
Andrea Baker	Review of parking policy	March 2023

Approval process for current version

Presented to	Date	Outcome
Services	August 2022	Parking policy approved

1. Discretion

Poplar HARCA has absolute discretion in assessing health and/or safety risks on its estates, and in applying this policy.

2. Enforcement

Poplar HARCA will assess the severity and number of breaches of this policy; and take proportionate enforcement action.

Enforcement may take the form of written warning, injunctive proceedings and/or possession proceedings. Costs will be sought when legal proceedings are instigated.

3. Communal Spaces

Nothing done or stored in a shared area should compromise fire safety, nor (in the opinion of Poplar HARCA) present a risk to health and/or safety.

Items that, in the opinion of Poplar HARCA, present an immediate risk to health and/or safety will be removed and disposed of without notice. Other items will be removed and disposed of 24 hours after the resident is notified by way of a 'removal notice'. Poplar HARCA will recharge all of its costs.

Items left in shared areas must **never**:

- cause an obstruction
- be rubbish (bulk or in bags)
- be fabric, wood or other flammable material
- contain flammable liquids

4. Private gardens and balconies

Nothing done (or not done) or stored in a private open space must compromise fire safety; or, (in the opinion of Poplar HARCA), present a risk to health and/or safety.

Anything assessed as an immediate risk to health and/or safety must be immediately remedied by the resident when notified.

5. Installations and Works

Poplar HARCA will normally refuse permission for installations except in proven exceptional circumstances.

Prior written permission from Poplar HARCA must always be sought for proposed:

- structural change
- change or installation in a rented property
- item to be fixed to the structure of its building
- item to be installed or left on its land

Installations and works are at residents' sole risk and cost; and must be carried out to Poplar HARCA's satisfaction.

Damage to Poplar HARCA's property must be immediately remedied. Poplar HARCA will recharge all costs if it has to remedy.

6. Estate Parking

Vehicles must be parked within a marked bay

Dangerous or parking that blocks access will be treated as anti-social behaviour

Poplar HARCA tenants and resident leasehold households with a blue badge or equivalent will be offered a designated bay with a drop-post:

- free of charge to tenants
- at-cost of works to resident leaseholders

A garage license can be ended at any time with one week's notice.

A garage license will be ended or refused if:

- there is an unreasonable service expectation; and/or
- money is owed to Poplar HARCA by anyone living at, or with a legal interest in, the address; and/or
- the license/permit holder breaches estate parking rules

In order, priority for available garages will be offered to:

- a. Poplar HARCA tenant or resident leasehold household with a blue badge, then
- b. Poplar HARCA tenant or resident leaseholder required by Poplar HARCA to relocate, then
- c. Poplar HARCA tenant or resident leaseholder, then
- d. Anyone else

Poplar HARCA tenant or resident leasehold household with a blue badge are eligible for one garage at 50% of the charge. Underground parking will be charged at the garage rate.

7. Estates Budget

Each year in April, recognised Estate Boards and Gatherings will be allocated a budget that can be spent only on projects that:

- Benefit more than one Poplar HARCA resident household; and
- Enhance how an area looks and/or how safe an area is; and
- Is 'revenue' not 'capital' expenditure e.g. small fixture, fitting or feature

Funds must be allocated by September and cannot be carried over to the next financial year.

8. Policy review

Policies are reviewed every 5 years or sooner if they no longer reflect best practice.

9. Impact Assessment

How does the policy contribute to Poplar HARCA's aims?	This policy regularises the management of estates.
Which group(s) benefit from the policy? If any group could be disadvantaged, what is the mitigation or justification?	Everyone benefits from good estate management. Exemptions and concessions are included.
How have residents been involved in developing the policy?	Over time, Estate Boards and JEP have fed into the policy. Feedback from complaints and contacts is incorporated.
How will the policy be monitored and measured?	The resident satisfaction survey measures how residents feel about the estate they live on.
If any, what are the Value for Money implications?	Provision is made to recharge costs.
Will personal data be collected, stored, used or shared? If yes, a privacy impact assessment must be carried out.	No additional data will be collected as a result of this policy. Data will be stored/secured on existing databases.
